Dear Bow Valley High School families,

I am writing to share an important update about changes to the start of school at BVHS. Due to an unexpected delay to the expansion and modernization of the school we will not be able to open the building to students next week. To ensure learning continues, we will temporarily move to online learning for Sept. 3 – 5. Staggered entry for Grade 9 students on Sept. 2 is cancelled. The school building will not be open for students or families during this time. BVHS staff do not have any further information about the reopening of the school, but you will be receiving communication from the school on accessing courses online.

Teachers will reach out directly to families on Sept. 2 and provide more information and links to virtual classrooms so students can connect with their classmates and courses and begin instruction on Wednesday, Sept. 3. If you need access to a device for at-home learning, please let the school know so they can support you with this. While RVS has limited devices available for families to borrow, BVHS will provide information for families who do not have a device at home.

Please be assured this delay is only temporary and the school will be ready to welcome students back into their classrooms as soon as possible. The project contractor is working quickly to complete the final steps needed to ensure the building is safe and ready for our students. We know there is a lot of excitement around the opening of the new space at BVHS, and we appreciate your understanding and patience while we navigate this unplanned delay. We will provide an update as soon as we have new information. Thank you.

Sincerely,

Ryan Reed
Superintendent of Schools
